

Mineral Leasing Act of 1920 (30 U.S.C. 185) and/or provisions of the Export Administration Amendments of 1977 (Pub. L. 95-52; June 22, 1977), which prohibit certain petroleum exports unless established requirements are met.

Finally, although not raised by Tesoro, it should be noted that the entitlement reduction provisions of § 211.67(d)(4), as they apply to the supply of residual fuel oil into the East Coast market, would require Tesoro to report the exchange volumes landed in the East Coast market as "production *** for sale" into that marketing area. In addition, the provisions of § 211.67(a)(3) would be inapplicable to the volumes of residual fuel oil landed by Tesoro into the East Coast market pursuant to the exchange arrangement outlined herein above.

CHAPTER VII—NATIONAL CREDIT UNION ADMINISTRATION

PART 701—ORGANIZATION AND OPERATION OF FEDERAL CREDIT UNIONS

PART 703—INVESTMENTS AND DEPOSITS

Loans and Lines of Credit to Other Credit Unions and Nonmember Credit Unions

AGENCY: National Credit Union Administration.

ACTION: Final rule.

SUMMARY: These rules implement the provisions of the April 19, 1977, amendments to the Federal Credit Union Act (the Act) authorizing Federal credit unions to invest in loans and lines of credit to nonmember credit unions. These rules also update existing rules for investing in loans to other credit unions.

DATES: These regulations are to be effective May 1, 1978.

ADDRESSES: National Credit Union Administration, 2025 M Street NW., Washington, D.C. 20456.

FOR FURTHER INFORMATION CONTACT:

Joseph Bellenghi, Assistant Administrator for Examination and Insurance, at the above address. Telephone: 202-254-8760.

SUPPLEMENTARY INFORMATION: The amendments (Pub. L. 95-22, 91 Stat. 49) to the Act required changes in the regulation which governs loans to other credit unions. That regulation is amended to set out the conditions upon which Federal credit unions may establish lines of credit for other credit unions. If a line of credit is established then the investing Federal credit union must obtain certain financial information from the borrowing credit union annually. This requirement is similar to the requirement im-

posed by § 701.9 of the National Credit Union Administration Rules and Regulations on Federal credit unions that invest their funds in loans to other credit unions.

The legislative history of the April 19, 1977, amendments does not contain any specific directions for the Administration to follow in setting maturity limits on loans or lines of credit extended to other credit unions. A review of the current practices of state credit unions revealed that in many cases loans between credit unions are for periods shorter than one year. A one year maturity is also consistent with the lending practices of other financial institutions and with sound business policy. For these reasons the Administration has decided to retain the present one year maturity limitation on loans to other credit unions and to apply the same limitation to lines of credit.

The regulation has been renumbered and moved to the part of the National Credit Union Administration Rules and Regulations governing investments and deposits, Part 703, because Section 107(7) of the Federal Credit Union Act describes the power to make loans to and establish lines of credit with other credit unions as an investment power.

Credit unions should note that the regulation only governs loans or lines of credit to "nonmember" credit unions. It, therefore, does not apply to loans or lines of credit granted by Central or Corporate Central Federal Credit Unions to their credit union members.

Federal credit unions should also note that the one percent per month ceiling imposed on loans by Section 107(5)(A)(vi) of the Federal Credit Union Act applies only to members. Therefore, Federal credit unions that elect to make loans or to extend lines of credit to nonmember credit unions will be subject to interest limitations, if any, set by applicable State law.

The notice and public participation requirements of 5 U.S.C. 553 were not followed in connection with this revision of § 701.9, redesignated as § 703.2. These procedures were found to be unnecessary because the revision merely conforms § 703.2 to the recent amendment of Section 107 of the Federal Credit Union Act and because the existing requirements of § 701.9 are merely restated.

LAWRENCE CONNELL,
Administrator.

MARCH 29, 1978.

AUTHORITY: Sec. 120, 73 Stat. 635 (12 U.S.C. 1766) and Sec. 209, 84 Stat. 1104 (12 U.S.C. 1789).

Accordingly, 12 CFR Part 701 and 12 CFR Part 703 are amended as follows:

§ 701.9 [Deleted]

(1) Delete § 701.9.

(2) Add new § 703.2 to read as follows:

§ 703.2 Investment in loans to nonmember credit unions.

(a) A Federal credit union may invest in loans to other nonmember credit unions including loans extended under a line of credit agreement, provided:

(1) The aggregate amount of all loans and credit limits established to nonmember credit unions does not exceed 25 per centum of the investing Federal credit union's paid-in and unimpaired capital and surplus;

(2) The maximum amount of a line of credit shall be stated in the line of credit agreement between the investing and borrowing credit unions;

(3) The terms and maturities of outstanding loans and the schedule of payments of principal balances outstanding under a line of credit do not exceed one year; and

(4) The investment is approved by the board of directors, or its authorized executive or investment committee.

(b) Prior to making a loan or extending a line of credit, and annually in the case of an established line of credit, the investing Federal credit union shall obtain and retain on file the following documents from the borrowing credit union:

(1) A current financial and statistical report;

(2) A certified copy of the resolution of the board of directors or executive committee authorizing such borrowing; and

(3) A written statement from the secretary of the borrowing credit union that the persons negotiating the loan or line of credit and executing the note or agreement are officers of the credit union and are authorized to act on its behalf and that the amount of loan or line of credit does not exceed the maximum borrowing authority of the borrowing credit union.

Title 14—Aeronautics and Space

CHAPTER V—NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

PART 1221—THE NASA SEAL AND OTHER DEVICES, AND THE CONGRESSIONAL SPACE MEDAL OF HONOR

Subpart 1221.2—The Congressional Space Medal of Honor

AGENCY: National Aeronautics and Space Administration.

ACTION: Final rule.

SUMMARY: This document amends the NASA regulations to provide for the Congressional Space Medal of Honor. The regulations prescribe procedures for the nomination of an astronaut by the Administrator of the National Aeronautics and Space Administration (NASA) to receive the Medal.

EFFECTIVE DATE: April 14, 1978.

ADDRESS: Administrator, National Aeronautics and Space Administration, Washington, D.C. 20546.

FOR FURTHER INFORMATION CONTACT:

Susan McGuire Smith, Office of General Counsel, National Aeronautics and Space Administration, Washington, D.C. 20546, 202-755-3924.

SUPPLEMENTARY INFORMATION: On March 1, 1978, notice was published in the FEDERAL REGISTER (43 FR 8267) inviting public comments not later than April 1, 1978, on the proposed amendment to Part 1221 to add a Subpart 2 on "The Congressional Space Medal of Honor." The regulations were proposed in recognition of Pub. L. 91-96 which authorizes the President to award in the name of Congress "a medal of appropriate design, which shall be known as the Congressional Space Medal of Honor, to any astronaut who in the performance of his duties has distinguished himself by exceptionally meritorious efforts and contributions to the welfare of the Nation and of mankind." The new Subpart 2 of Part 1221 was proposed to establish procedures for the nomination of an astronaut by the Administrator of NASA to receive this Medal.

Comments were received from four persons. Some objected to the criteria for award of the Medal, stating their belief that these criteria were substantially the same as those for award of the Bronze Star, and therefore the effect is to derogate the Congressional Medal of Honor, after which the Congressional Space Medal of Honor apparently was named.

Each of these individuals was provided a copy of the public law that establishes the criteria for award of the Medal. Since these criteria were established by Congress, NASA believes it would be inappropriate to set different criteria in its regulations.

NASA does regard this Medal as the highest civilian award that can be made to an astronaut and intends to nominate individuals sparingly.

One individual suggested that the Medal be given a different name. Again, because its name was established by Congress, NASA believes it would be inappropriate to change the name by regulation.

After consideration of these comments, the amendment to Part 1221 is adopted without change, as set forth below:

1. 14 CFR Part 1221 is amended by:

(a) Revising the Part heading as set forth above.

(b) Redesignating §§ 1221.100 through 1221.117 as Subpart 1221.1 with the following Subpart heading:

Subpart 1221.1—NASA Official Seal, Insignia, Logotype, Official Program and Astronaut Badges, and Flags

(c) Adding a new Subpart 1221.2 reading as follows:

Subpart 1221.2—The Congressional Space Medal of Honor

Sec.
1221.200 Scope.
1221.201 Basis for award of the medal.
1221.202 Description of the medal.
1221.203 Nominations.
1221.204 Proceedings of the NASA Incentive Awards Board.
Authority: Pub. L. 91-76, September 29, 1969.

Subpart 1221.2—The Congressional Space Medal of Honor

§ 1221.200 Scope.

This Subpart establishes procedures for nominating an astronaut for the Congressional Space Medal of Honor.

§ 1221.201 Basis for award of the medal.

(a) The standard of award for the Congressional Space Medal of Honor is established by Pub. L. 91-76 (42 U.S.C. 2461) which provides that the President may award the Medal to any "astronaut who in the performance of his duties has distinguished himself by exceptionally meritorious efforts and contributions to the welfare of the Nation and of mankind."

(b) Only one Congressional Space Medal of Honor may be awarded to a person. However, for each succeeding act that would otherwise justify the award of the Medal, the President may award a suitable bar or other device.

(c) The Medal may be awarded to any person who is or has been designated to travel in space and who has distinguished himself or herself while undertaking duties in preparation for, execution of, or subsequent to, but in connection with, a space flight.

(d) The Medal may be awarded for actions occurring before the effective date of this Subpart 1221.2, and, when appropriate, posthumously.

§ 1221.202 Description of the medal.

The description of the Congressional Space Medal of Honor, which was designed by the Institute of Heraldry, U.S. Army, is set forth in Appendix A

to this Subpart. Each person awarded the Medal also shall receive a citation describing the basis for the award.

§ 1221.203 Nominations.

(a) Formal nominations for award of the Congressional Space Medal of Honor on behalf of NASA will be made by the Administrator to the President.

(b) Any person may recommend to the Administrator that an astronaut be nominated for award of the Medal. Such a recommendation must be in writing, and must describe in concise detail the events believed to warrant award of the Medal. The recommendation should, if appropriate, be accompanied by supporting documentation, such as eyewitness statements, extracts from official records, sketches, photographs, etc.

(c) All recommendations for nominations submitted to the Administrator or made on his own initiative will be referred to the NASA Incentive Awards Board for the purpose of investigating and making findings of fact and giving advice to the Administrator.

(d) Any recommendation involving an astronaut who is a member of the armed services on active duty or who is employed by another agency of the Federal Government but temporarily assigned or detailed to NASA shall also be transmitted to the Secretary of Defense or the head of the employing agency, as appropriate, for his or her recommendation.

(e) The Administrator will forward to the President his recommendation, and that of the astronaut's employing agency, as appropriate.

§ 1221.204 Proceedings of the NASA Incentive Awards Board.

The NASA Incentive Awards Board shall thoroughly consider the facts giving rise to a recommendation for nomination and shall prepare a report for the Administrator. The Board should, to the extent practicable, coordinate its efforts with those of the astronaut's employing agency, as appropriate. Its final report must take into account any pertinent information submitted by the employing agency.

2. In Title 14, CFR, Chapter 5, the table of contents is revised to change the title of Part 1221 to read as follows:
